PEUGEOT MOTORCYCLES ASSISTANCE

IN THE EVENT OF A BREAKDOWN OR PUNCTURE

- Repair/recovery of your vehicle by the Peugeot Motorcycles network (to your dealership if the breakdown/puncture occurs within a 30 km radius of the dealership, or beyond that distance to the nearest Peugeot Motorcycles dealership).
- Continuation of your journey or return to your home (train, air, taxi).
- Transport to the workshop to collect your repaired vehicle.
- +33 (0)1 41 85 83 72 (standard rate call, 24/7).

FOR VEHICLES IN THE PEUGEOT MOTORCYCLES RANGE

- Duration: 2 years
- A single price: €79.20 including VAT

Roadside assistance is guaranteed and provided by Europ Assistance, a limited liability company with capital of EUR 23,601,857, a company governed by the French Insurance Code, registered in the Nanterre trade and companies register under number 451 366 405, with head office at 1 Promenade de la Bonnette, 92230 Gennevilliers, France, and subject to the supervision of Autorité de Contrôle Prudentiel – acp – 61 rue taitbout, 75009 Paris, France.

To find out more about the services and their restrictions, please refer to the general terms of assistance, which are available from your point of sale.

PEUGEOT PULSION 125

RECONNECT WITH THE CITY

MY CITY, MY STORY

We are reinventing ourselves in 2019, and you can too! We are proud to present our latest range of 125cc scooters and scooters over 125cc, and in particular our latest model: Peugeot Pulsion.

Peugeot Motorcycles draws of 120 years of French expertise and technological innovations that now, more than ever, shape the future of urban mobility.

Your two-wheeled Peugeot Motorcycles will be your companion for city life, matching your pace, and allowing you to rediscover your city while grasping each and every opportunity.

Always on the move, alone or with a friend, by day or by night, in summer or in winter, seize every moment the city offers to you and live it intensely.

Reshape your city life.

Peugeot Pulsion RS Midnight Blue & Snow White

See the city from another angle with Peugeot Pulsion! The Pulsion is the first model in the range to feature our integrated i-Connect® technology, inspired by the Peugeot i-Cockpit. This provides you with a unique and safe urban driving experience.

GPS on a colour TFT screen

Receive your messages and notifications on the dashboard

i-Connect®

Compact handlebars

Driving with your arms closer to your body reduces the range of movement needed for manoeuvres, which in turn improves responsiveness and agility, while also creating a more relaxed driving position.

Drive with your head held high

The raised dashboard allows you to see driving information without taking your eyes off the road, thereby allowing you to concentrate on your route. This ergonomic position also increases safety by limiting fatigue.

Mobile application and connectivity

Connect your smartphone to your Peugeot Pulsion⁽¹⁾ and use the colour TFT screen to read your messages while stationary, receive calls and discretely display the GPS on your dashboard (GPS via the mobile Here Wego⁽²⁾ application).

Turn the page to see the full Peugeot Pulsion range

NEW MODEL

(1) Connection possible with the Peugeot Pulsion Allure and RS. Not available on the Active. (2) Here Wego subscription provided for 2 years with the Peugeot Pulsion Allure and RS.

PEUGEOT PULSION 125

RECONNECT WITH THE CITY

Take your place on the Peugeot Pulsion, the new urban GT from Peugeot Motorcycles. The Peugeot Pulsion is highly innovative, well-connected scooter offering all of the comfort and safety of a two-wheeler that is perfectly in tune with its time.
